VERMONT ELECTRIC COOPERATIVE, INC
Job Description

Job Title: Lineworker 1st Class
Department: Operations
Reports To: Distribution Superintendent
FLSA Status: Nonexempt
Union Status: IBEW
Salary: per contract
Approved By: Chief Operating Officer
Approved Date: February 2004
Reviewed Date: April 2006

SUMMARY The employee in this position works in conjunction with other line personnel on VEC's overhead and underground transmission and distribution systems.

ESSENTIAL DUTIES AND RESPONSIBILITIES include the following. Other duties may be assigned.

- Responsibility for the safe installation, maintenance and removal of overhead and underground lines, equipment and apparatus.
- Install, maintain and trouble shoot transformer banks with various primary and secondary voltages.
- Perform switching and tagging according to VEC procedure.
- Respond to and repair various overhead and underground transmission and distribution system disturbances.
- Assist in the training of Apprentice Lineworkers.
- Climb poles and operate bucket trucks and aerial lift equipment.

OTHER DUTIES AND RESPONSIBILITIES

- Inspect contract installations upon request.
- Conduct switching and tagging operations on companion electrical systems.
- Periodically locate underground lines using appropriate equipment (Digsafe®).
- Review, comprehend, and comply with VEC safety standards.
- Perform other duties as assigned.

This description is not intended to be a complete statement of the position, it is intended to be a guide to general work to be performed.

QUALIFICATIONS To perform this job successfully, an individual must be able to perform each essential duty satisfactorily. The requirements listed below are representative of the knowledge, skill, and/or ability required. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

EDUCATION and/or EXPERIENCE

A high school diploma or equivalent, plus five years experience as an electric utility line worker are required. Must have satisfactorily completed an approved Lineworkers training program. Must be proficient in the use of hot line tools and underground locating equipment. Must possess a working knowledge of VEC standards and the National Electric Safety code.

CERTIFICATES, LICENSES, REGISTRATIONS

First Aid and CPR certification required. Must possess a Commercial Driver's License.

PHYSICAL DEMANDS The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

Consistent pushing, pulling, and lifting in up to 60 pounds (up to 35% of body weight) is required. The wearing of safety equipment is required. The handling of high voltages and currents is required.

WORK ENVIRONMENT The work environment characteristics described here are representative of those an employee encounters while performing the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

Frequent exposure to varying weather conditions is normal. Periodic scheduled and unscheduled overtime will be required.
